BC Ultimate - Return to Play COVID-19 Exposure Control Plan

Version - 2.0

This document has been reviewed and approved by the BC Ultimate Society board of directors on August 31, 2020, and includes changes in line with Phase 3 (Progressively Loosen) of Sport reopening as outlined in viaSports [Return to Sport Guidelines - August 2020](#).

The BCU Return to Play plan will be reviewed and updated by the BCU Board monthly for the duration of the current health crisis. Updated versions will be posted on BCU platforms and distributed to member organizations.

Guideline for BCU Members and how to mitigate risk for Ultimate Activities

With guidance from The Ministry of Tourism, Arts and Culture and viaSport, this document is BC Ultimate's Return to Play Control Plan. BCU is encouraging our members to use this plan to guide the implementation of ultimate activities in their communities as we Return to Play.

Sport and physical activity play an important role in the physical, psychological and emotional well-being of BCU members. For these and other reasons we are all eager to resume activities. However, the health and safety of all participants and citizens of BC must remain the number one priority.

BC Ultimate requests the support of members, participants, organizers, coaches, parents/guardians and teams in following these guidelines for the safe resumption of our sport. Since the inception of ultimate, our sport has proudly been self-officiated and has relied on Spirit of the Game to maximize the enjoyment and safety of everyone. These core principles have never been more important than at this time as we will require the entire community's help to safely Return to Play.

Five Principles For Every Situation

1. General Return to Play Principles

- 1.1. Adhere to all public health restrictions in your community.
- 1.2. Increased focus on personal hygiene.
- 1.3. If you are sick, stay at home.
- 1.4. Close physical proximity should be minimized as much as possible.
- 1.5. Modify sport activities to limit the number and duration of contacts between different participants (when physical distancing is not possible).
- 1.6. Reduce touch points as possible. (facilities, equipment, etc)
- 1.7. Competitive play, which includes close proximity of participants, should only occur within a sport cohort. (See Section 7)
- 1.8. Stay provincially focused.

2. General Hygiene Requirements

- 2.1. All participants, staff and volunteers must wash their hands before and immediately following sessions.
- 2.2. For longer sessions breaks for hand washing or sanitizing as well as cleaning of equipment should be scheduled.
- 2.3. All participants, staff and volunteers should avoid touching one's face throughout the session.
- 2.4. All participants, staff and volunteers should cover their mouth and nose with a tissue when they cough or sneeze, or sneeze/cough into their elbow.
- 2.5. No sharing of water bottles, towels, or other personal items. No communal food items.

3. Facility Access

- 3.1. Ultimate may only take place on outdoor field space with the agreement of local municipalities and other field stakeholders. BCU's Return to Play plan may not be implemented until and unless local authorities have approved resumption of sports activities in their jurisdiction.
- 3.2. Care must be taken to avoid access "choke" points which run counter to physical distancing. In cases where multiple gates may be used to access the field area, separate entry and exit points should be communicated to participants. When

possible, gates should be held in an open position to reduce touch points by participants.

- 3.3. For member organized formal sessions, participants for each session must pre-register their attendance and pay on-line when possible. This registration information must be kept by the hosting organization for use during future contract tracing if needed. See [Appendix A - Sample Forms](#) for information that may be captured during pre-registration.
- 3.4. Set a time when it is appropriate for participants to arrive in advance of their scheduled activity (example - participants should not arrive prior to 15 minutes before the scheduled start time).
- 3.5. The arrival and departure process for all sessions must maximize physical distancing of all involved parties. Where appropriate, consider designated drop-off and pick-up spaces.
- 3.6. At the end of their scheduled program/time slot participants should immediately leave the facility.

4. Facility Operations

- 4.1. Care should be taken to clean any communal surfaces at the playing facility. When possible steps should be taken to reduce the number of touch points. (See Section 3.2)
- 4.2. When fields have benches, these should be designated as closed. Each participant should have a personal area for their equipment and other items.
- 4.3. If not disabled by venue, participants should be dissuaded from using water fountains. All participants should arrive with water or other liquids in personal bottles which are clearly labeled.

5. Staff and Volunteers

- 5.1. No person with symptoms may come to sport activities. Staff or volunteers with symptoms should self-isolate for a minimum of 10 days before considering a return to activities.
 - 5.1.1. BC COVID-19 Self-Assessment Tool [LINK](#)

- 5.2. All staff and volunteers should consider their own risk. If they are at higher risk of experiencing serious illness from COVID-19, consider limiting or avoiding participation in sport activities.
- 5.3. Educate Staff and Volunteers on public health information and expectations related to the implementation of Return to Sport. (See [Appendix D - Resources](#))
- 5.4. Staff and volunteers running sport programs should be made familiar with this Return to Sport Plan.
- 5.5. Staff and volunteers should have their own resources (practice plans, clipboards, stopwatches, etc.) and avoid sharing these items with others.
- 5.6. In the event that first aid is required to be administered during an activity, all persons attending to the injured individual must first put on a mask and gloves.
- 5.7. Staff and volunteers should be made aware of their Right to Refuse unsafe work, and procedures should be in place to respond to such concerns. If the matter is not resolved, those involved should contact [WorkSafeBC](#).

6. Participant Safety

- 6.1. Participants at higher risk of experiencing serious illness from COVID-19 should not take part in sporting activities.
- 6.2. All participants should answer the following questions prior to taking part in the session. Answering YES to any of these questions will disqualify a participant from the session.
 - 6.2.1. Health Check: Do you have fever, new or existing cough or difficulty breathing?
 - 6.2.2. Travel Check: Have you traveled outside of Canada within the past 14 days?
 - 6.2.3. Contact Check: Have you been in contact with someone who has been diagnosed with or is suspected of having COVID-19, or someone who has been in contact with a person or persons who have an acute respiratory illness and has been outside Canada in the previous 14-days?
- 6.3. Spectators/non-participants may view sessions from the perimeter of the field area but must maintain physical distancing of at least 2 meters. Where appropriate/possible event organizers should post visual reminders of 2 meter spacing requirements for non-participants.
- 6.4. All registered participants will be sent a session overview document which outlines expectations. See [Appendix B - Sample Session Checklist](#).

- 6.5. Outbreak Mitigation and Recovery Plan
 - 6.5.1. Organizing groups must have a detailed safety plan in place which identifies the roles and responsibilities of staff or volunteers if a case or outbreak is reported. Determine who within the organization has the authority to modify, restrict, postpone or cancel activities.
 - 6.5.2. Advise affected individuals to:
 - 6.5.2.1. Self-isolate.
 - 6.5.2.2. Monitor their symptoms daily, report respiratory illness and not return to activity for at least 10 days following the onset of fever, chills, cough, shortness of breath, sore throat, and painful swallowing, stuffy or runny nose, loss of sense of smell, headache, muscle aches, fatigue and loss of appetite.
 - 6.5.3. Individuals can call 911 if there is an emergency, or 811 for health advice. For assistance in determining if further assistance is needed, COVID-19 self-assessment tool is located [HERE](#).
 - 6.5.4. Report any suspected case(s) of COVID-19 like illness among participants or staff/volunteers to the local Health Authority Medical Health Officer as well as to BC Ultimate (gm@bcultimate.ca).
 - 6.5.5. If a case or outbreak is confirmed, follow the orders of the local Health Authority.
 - 6.5.6. If an outbreak occurs, organizers may be asked to postpone or cancel competitions or activities, therefore a cancellation policy is recommended.

7. Sport Programming

- 7.1. Sessions should be planned to be provincially based.
- 7.2. Organizers should plan on starting with smaller groups and shorter session durations to test out new ways of delivering activities.
- 7.3. Cost should be kept to a minimum to encourage participation.
- 7.4. Insurance/Waivers
 - 7.4.1. BC Ultimate members named on the BCU Certificate of Insurance are covered for “All normal disc activities”, for which Return to Play qualifies under the current BCU Certificate of Insurance.
 - 7.4.2. On August 6, 2020 the province of BC issued Order in Council 459 as part of the COVID Emergency Related Measures Act. This order exempts amateur sport organizations, their employees and volunteers from liability

for the duration of the COVID Emergency Related Measures Act, currently set to expire July 1, 2021. The order protects amateur sport organizations and their representatives from damages resulting, directly or indirectly, from COVID-19 for amateur sports. View order [HERE](#).

7.4.3. Members may require and collect additional agreements, waivers or consent from participants as required by local boards. See [Appendix C - Sample Forms](#).

7.5. Activities will be restricted based on sport modifications contained within this document.

7.6. Sport Cohorts

7.6.1. Cohorts may be formed by organizing groups. Individuals within these cohorts may interact with each other within a sport environment over an extended period of time. Game play may take place between individuals or teams within the same cohort.

7.6.2. Maximum cohort size is 56 individuals.

7.6.2.1. As per [Return to Sport Guidelines - August 2020](#), the Provincial Sports Organization may, at its discretion, set a reasonable roster size to accommodate the sport.

7.6.2.2. BC Ultimate has determined that a roster size of 14 players is reasonable based on injury concerns. Placing 4 teams in a cohort creates a maximum cohort size of 56 players.

7.6.2.3. Coaches may be counted outside of the total cohort number if they are able to maintain physical distancing of 2 meters at all times.

7.6.3. Individuals should limit the number of sport cohorts to which they belong in order to reduce the number of people they are interacting with.

7.6.4. Players must stay within their designated cohorts and avoid mixing with other cohorts.

7.6.5. Teams or individuals may change cohorts with a minimum two-week break between activities.

7.6.6. Minimum modifications for cohort group activities and game play

7.6.6.1. While individuals do not need to maintain physical distancing during sport specific activities, minimized physical contact is still advised when possible.

7.6.6.2. At least 2 meters distancing should be maintained between all participants when outside of the field of play and/or between activities.

- 7.6.6.3. A “ground check” may be used to put the disc into play at any time when a “defensive check” is required by the rules.
- 7.6.6.4. Sanitize disc(s) prior to use.
- 7.6.6.5. Avoid any celebrations that create physical contact.
- 7.7. Injury Prevention
 - 7.7.1. Organizers should be aware of the level of fitness of participants as the sport returns to play. Sessions should be designed to start with a lower level of intensity and slowly increase over the course of several sessions.
 - 7.7.2. Appropriate warm up and cool down time should be scheduled for all sessions.
 - 7.7.3. Ensure that there is a clear procedure for handling any participant or coach in the event that they develop signs of cold, flu or COVID-19 during an activity. This should include identification of an isolation area, notification processes, and education of staff on the procedure.
 - 7.7.4. Notify all participants of possible exposure to COVID-19 if you become aware of any suspected or confirmed cases that attended the activity.

Participant Agreement

All Participants of <NAME OF ORGANIZATION> agree to abide by the following points when participating in organizations activities under the COVID-19 response plan and Return to Play Protocol:

- I agree to symptom screening checks, and will let the organization know if I have experienced any of the symptoms in the last 14 days.
- I agree to stay home if feeling sick, and remain home for 14 days if experiencing COVID-19 symptoms
- I agree to sanitize my hands upon entering and exiting the facility, with soap or sanitizer.
- I agree to continue to follow physical distancing protocols, staying at least 2 meters away from others.
- I agree to not share any personal items during practice times.
- I agree to abide by all of my organizations COVID-19 policies and guidelines.
- I understand that if I do not abide by the aforementioned policies/guidelines, that I may be asked to leave the activities for up to 14 days to help protect myself and others around me.
- I acknowledge that continued abuse of the policies and/or guidelines may result in suspension of my club membership temporarily.
- I acknowledge that there are risks associated with taking part in sports activities, and that the measures taken but the organization and participants, including those set out above and under the COVID-19 Response Plan and Return to Sport Protocols, will not entirely eliminate those risks.
